**RESPONSE TO REQUIREMENT FOR RESTRICTION**

This response is being filed in reply to the Office Action of December 15, 2005 a reply to which was due without payment of additional fee or Request for Extension of Time by January 15, 2006. Since this amendment is being filed after January 15, 2006 but prior to February 15, 2006, a Request for Extension of Time until February 15, 2006 is being made herewith (with authorization to use the additional fee from Deposit Account No. 12-1295).

The Examiner has determined the invention to be distinct between the claims of Group I, claims 1-16 and 20, the claims of Group II, directed to 17-19 and 21-23, and Group III, claims 24-26.

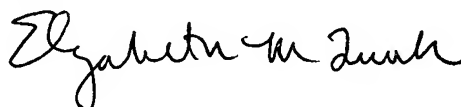

Applicants elect claims 1-16, and 20 drawn to an anti-dandruff composition.

In addition the Examiner has also applied an election of species requirement comprising cooling material of claim 3; and the cooling sensate enhancer of claims 2, 4, 5 and 18.

Applicants hereby elect for the purpose of search, C<sub>1</sub>-C<sub>3</sub> alkyl or dialkyl-N-substituted menthane carboxamide as the cooling material; and C<sub>7</sub>-C<sub>12</sub> alkanolic acid vanillamide as the cooling sensate enhancer. Applicants respectfully submit that claims 1-7, 9, 11-14 and 20 read upon the elected claims and the elected species.

Early and favorable consideration of the elected claims is respectfully requested.

Respectfully submitted,

Elizabeth M. Quirk  
Attorney for Applicant
